FLORIDA REPUBLICANS

Met in Jacksonville and Recommended Federal Appointees.

The Republican State Central Committee of Florida met in Jacksonville last week to recommend appointments to the Taft administration in Florida. In but one case was a recommendation made that would place a new man in the position already held by another, and that was in the case of J. E. Stillman, who is to be succeeded by W. H. Northup to the important post of collector of customs at Pensacola, provided it meets with the President's favor. Mr. Stillman, it is understood, will retire to devote his entire time to business. Mr. Northup, who is recommended for the place, was formerly postmaster at Pensacola.

Besides the recommendations for appointments for Federal positions, the committee passed a strong resolution commending President Taft and his administration.

The recommendations of the committee are as follows:

Geo. W. Allen, for reappointment as collector of customs at Key West; M. B. Macfarlane, for reappointment as collector of customs at Tampa; John M. Cheney, for reappointment as U. S. district attorney for southern district of Florida; Capt. John F. Horr, for reappointment as U. S. marshal for southern district of Florida; Henry S. Chubb, for reappointment as registrar of the Federal land office at Gainesville; Shields Warren, for reappointment as receiver of the U. S. land office at Gainesville; Joseph Lee, endorsed for confirmation as collector of internal revenue; Thos. F. McGourin, for reappointment as U. S. marshal of the northern district of Florida; F. C. Cumberly, for reappointment as U. S. district attorney for northern district of Florida; John W. Howell, for reappointment as collector of customs at Fernandina; W. H. Northup, recommended for collector of customs at Pensacola; W. H. Lucas, for reappointment as collector of customs for district of St. Johns.

The republicans present at the meeting discussed political conditions in Florida and determined to put out a strong ticket at the next election.

We were told that at least one mother had been found to be very Japanese."—Chicago News.
